IEEE★USA Conference Brief

The IEEE-USA Conferences Committee Newsletter for IEEE-USA Co-sponsored Conferences

JANUARY - FEBRUARY 2014 | Vol. 3, No. 1

Dear IEEE Member,

Happy New Year!

Here is your bi-monthly edition of the IEEE-USA Conference Brief. This brief can help you plan ahead to attend IEEE-USA co-sponsored conferences and events.

We hope you enjoy this edition's updates on IEEE-USA co-sponsored conferences and events throughout the year. If you know of a conference, seminar, or workshop you think IEEE-USA should be co-sponsoring; or if you have an idea for a new one – locally or nationally – please don't hesitate to contact me.

Best regards,

Charles Rubenstein (c.rubenstein@ieee.org)
Chair, IEEE-USA Conferences Committee

UPCOMING CONFERENCES

(please scroll down for details on individual conferences and events)

When	Where	Conference
19-22 February 2014	Washington, D.C.	IEEE PES Innovative Smart Grid Technologies Conference
3-4 April 2014	Corpus Christi, Texas	IEEE Green Technologies Conference (IEEE GREENTECH 2014)
30 April - 2 May 2014	College Park, Md.	2014 IEEE International Engineering, Security, and Project Professionals Conference (ESP 2014)
15-18 May 2014	Providence, R.I.	2014 IEEE-USA Annual Meeting and InnoTek 2014: Innovations in Technology Technical Conference
23-24 May 2014	Chicago, Ill.	2014 IEEE International Symposium on Ethics in Engineering, Science, and Technology (ETHICS 2014)
24-26 July 2014	Portland, Ore.	IEEE Conference on Technologies for Sustainability (SusTech 2014)
10-13 October 2014	San Jose, Calif.	2014 IEEE Global Humanitarian Technology Conference (GHTC)
27-29 October 2014	Ronkonkoma, N.Y. (Long Island)	IEEE NewNEB DC Utility Power Conference & Exhibition (NewNEB 2014)

FEATURED CONFERENCE

IEEE-USA Annual Meeting and InnoTek 2014

[InnoTek 2014](#), the first IEEE-USA Conference on Technologies for Innovation, colocated with the 2014 IEEE-USA Annual Meeting (15-18 May 2014), is seeking papers for both oral and poster presentations in six topic areas: Agile Manufacturing, Biomedical Innovation, Defense and National Security, Educational Innovation, Energy Conversion and Distribution, and Marine and Ocean Technology. As appropriate for a conference associated with IEEE-USA, topics with policy implications are especially welcome in technologies for innovation.

Papers are solicited from industry, government and academia (including students) covering relevant research, technologies, methodologies, tools and case studies. The intention of the conference is to explore the comprehensive nature of innovation and to emphasize the role of technology in achieving innovation. The topic listings above are meant to indicate the breadth of the area and are definitely not to be considered exhaustive.

Call for Papers Important Dates ([Details](#)):

Abstracts, Draft Formal Papers and Presentations Submission Deadline: 14 February 2014

Notification of Abstract and Paper Acceptance: 21 February 2014

Final Paper/Presentation Submission Deadline: 28 March 2014

CALLS FOR PAPERS, PRESENTATIONS, EXHIBITS & REGISTRATION

19-22 February 2014

IEEE PES Innovative Smart Grid Technologies Conference

When: 19-22 February 2014

Where: Washington, D.C.

Web: www.ieee-isgt.org/

ISGT 2014, sponsored by the IEEE Power and Energy Society (PES), is a forum for participants to discuss state-of-the-art innovations in smart grid technologies. ISGT 2014 will feature plenary sessions, multi-track panel discussions, and technical paper and poster presentations. In addition, international experts will give tutorials on smart grid applications. IEEE-USA is a technical co-sponsor of this event.

3-4 April 2014

IEEE Green Technologies Conference

When: 3-4 April 2014

Where: Omni Corpus Christi Hotel (Corpus Christi, Texas)

Web: www.ieeegreentech.org/

The IEEE Green Technologies Conference is an exciting forum to learn about and share information on cutting edge green technologies. GREENTECH 2014 seeks original unpublished papers on Green Technology. The theme is green technology deployed in marine and coastal environments.

1 May 2014

International Engineering (IEEE), Security (ISSA), and Project (PMI) Professionals Conference

When: 1 May 2014

Where: 3100 Stamp Student Union (College Park, Md.)

Web: www.iespconference.org/

The International Engineering, Security and Project Professionals Conference (ESP) conference is a collaboration between IEEE, the Information Systems Security Association (ISSA), and the Project Management Institute (PMI). ESP brings together the knowledge, business practices, and experiences of individuals in these organizations to promote communication and relationships across these industries.

15-18 May 2014

2014 IEEE-USA Annual Meeting

When: 15-18 May 2014

Where: Warwick, R.I. (Crowne Plaza Providence-Warwick Airport Hotel)

Web: <http://sites.ieee.org/innotek/>

IEEE-USA's Annual Meeting will be collocated with InnoTek 2014, the first IEEE-USA Conference on Innovations in Technology.

16 May 2014

IEEE-USA Technologies for Innovation Conference (Innotek 2014)

When: 16 May 2014

Where: Warwick, R.I. (Crowne Plaza Providence-Warwick Airport Hotel)

Web: <http://sites.ieee.org/innotek/>

InnoTek 2014, the first IEEE-USA Conference on Technologies for Innovation, colocated with the 2014 IEEE-USA Annual Meeting (15-18 May 2014), is seeking papers for both oral and poster presentations in six topic areas: Agile Manufacturing, Biomedical Innovation, Defense and National Security, Educational Innovation, Energy Conversion and Distribution, Marine and Ocean Technology. As appropriate for a conference associated with IEEE-USA, topics with policy implications are especially welcome in technologies for innovation.

Call for Papers Important Dates ([Details](#)):

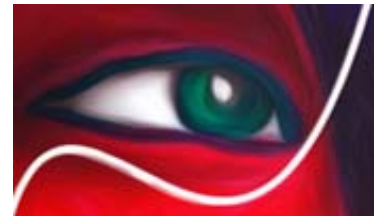

Abstracts, draft formal papers and presentations submission deadline: 14 February 2014

Notification of abstract and paper acceptance: 21 February 2014

Final paper/presentation submission deadline: 28 March 2014

23-24 May 2014

2014 IEEE International Symposium on Ethics in Engineering, Science, and Technology (ETHICS 2014)

When: 23-24 May 2014

Where: Chicago Marriott O'Hare (Chicago, Ill.)

Web: <http://sites.ieee.org/ethics-conference>

ETHICS 2014 is IEEE's first International Symposium on Ethics in Engineering, Science, and Technology. With the theme: *Ethics – A Challenge to the Scientific and Engineering Community*, the symposium will include panels on Nuclear Energy, Biomedical Engineering, Practitioners as Learned Professionals, Responsible Innovation in Research, and Working with Ethicists. A presentation on Robotics Ethics will also be featured during the symposium, as well as a special workshop on Ethics, Technology and the Engineer.

24-26 July 2014

IEEE Conference on Technologies for Sustainability (SusTech 2014)

When: 24-26 July 2014

Where: DoubleTree Hotel (Portland, Ore.)

Web: <http://sites.ieee.org/sustech/>

The second IEEE Conference on Technologies for Sustainability (SusTech) announces the Call for Papers. Tutorials, Workshops and Papers are solicited for both oral and poster presentation from industry, government and academia (including students) covering relevant research, technologies, methodologies, tools and case studies.

In addition, we are seeking proposals for tutorials and workshops on Certifications & Standards (e.g. verification, standards, regulations, compliance).

SusTech will feature contributed papers and distinguished invited speakers in each track. Full papers will be published in the *Proceedings* and *IEEE Xplore*. Topics with policy implications are welcome, in both technologies

for sustainability and sustainable technologies.

Call for Papers Important Dates ([Details](#)):

Two-page abstract deadline: 1 March 2014

Acceptance notifications: 15 April 2014

Final paper deadline: 30 May 2014

10-13 October 2014

2014 IEEE Global Humanitarian Technology Conference (GHTC)

When: 10-13 October 2014

Where: Silicon Valley (San Jose, Calif.)

Web: <http://www.ieeeghtc.org/>

GHTC is a voice amplifier and a forum for hot technological, social, and philosophical debates on the world's urgent human necessities. The third cross-disciplinary annual conference will again bring together communities and individuals – engineering, science, technology, industry, academe, government agencies, NGOs, charities, funders – interested in applying technology to develop effective solutions for the challenges facing the world's underserved.

Call for Papers Important Dates ([Details](#)):

Abstract submission deadline: 31 March 2014

Abstract acceptance notification: 17 April 2014

Draft submission for review deadline: 19 June 2014

Notification of draft acceptance / revision requirements: 8 September 2014

Final submission deadline: 18 July 2014

Author early registration deadline: 18 July 2014

Notification of final submission acceptance: 4 August 2014

27-29 October 2014

IEEE NewNEB DC Utility Power Conference & Exhibition (NewNEB 2014)

When: 27-29 October 2014

Where: Ronkonkoma, N.Y. (Clarion Hotel & Convention Center - Long Island)

Web: www.newneb.org/

NewNEB is uniquely devoted to the reliability of DC power in an electric utility environment. It focuses specifically on topics important to the utility DC power industry. Featured products and developments will include, but are not

limited to, batteries, battery chargers, control system, diagnostic and testing, communications capabilities, and much more. This year's conference examines system reliability, and the influence of NERC requirements in shaping the utility DC system. NewNEB will draw from the industry at large, regulators, rule makers, utilities, manufacturers, educational institutions, and consultants to provide qualified conference speakers.

Call for Papers Important Dates ([Details](#)):

Paper submission deadline: 7 July 2014

Paper acceptance deadline: 4 August 2014

Final papers submitted: 25 August 2014

Paper acceptance notifications: 8 September 2014

Power Point submission deadline: 22 September 2014
