

IEEE-USA's CVD IS ON for 2021!

After being canceled by COVID in 2020, the IEEE-USA Congressional Visits Day is back for 2021, with a twist!

Our CVD will be a CvVD this year – a Congressional virtual Visits Day

IEEE-USA will arrange for virtual meetings (conference or video calls) between IEEE members and your legislators, giving you a great chance to introduce yourself, IEEE, and the issues we care about to our new Congress.

Done correctly, these meetings can be every bit as effective as face-to face meetings.

Participants will be fully trained and prepared by IEEE-USA staff in advance. All IEEE members in the United States are welcome and encouraged to join us.

For more [information](#) or to register go to
